

Pratap Aditya Singh

pratapadityasingh2000@gmail.com | +917272807036 | LinkedIn | Github | [Portfolio](#)

Computer Science Engineering Graduate | Software Development Engineer | AI & Data Platforms Enthusiast

Skill

Tech Skills: Python | Java | C++ | Data Structure & Algorithms | Frontend Development | Node.js | API | AWS Cloud | DBMS | PostgreSQL | SDLC | Agile Methodology | AI Native Coding | Prompt Engineer | Chain of Thought Prompting

Tools & Environments: Git | MongoDB | Google Sheets | NPM | GCP | Docker | XGBoost | Database Cache

Soft Skills: Strong Communication & Presentation Skills | Analytical Thinking | Problem Solving | Cross- Team Collaboration | Client Interaction | Time Management | Organizational Skills | Adaptability | Work Ethics

Experience

SQL Intern([Certificate](#))

May 2025 – July 2025

Celebal Technologies

Jaipur, Rajasthan

Analyzed structured datasets and optimized SQL queries to improve data processing efficiency also performed debugging, testing, and validation of database-driven applications. Collaborated with team members to identify issues and support reliable software workflows.

Web Developer Intern([Certificate](#))

May 2024 – July 2024

TagNPIN Web LLP Solutions

Janakpuri, New Delhi

Developed and maintained web application modules using JavaScript, Node.js, SQL, and REST APIs and Integrated backend services and optimized data flow across application components. Participated in debugging, testing, and Agile development activities to improve software quality.

Projects

EcoWardrobe Sustainable Resale Platform

October'2025

Built an AI-driven circular economy platform integrating computer vision and gradient boosting for smart pricing, condition analysis, and scalable ML-backed backend services. Implemented structured database design work model.

Tech Stack Used: JavaScript | Node.js | MongoDB Atlas | REST APIs | Database Design | Git | ML Concepts

SweetShop-Management

June'2025

Developed a responsive web application with dynamic UI components using HTML, CSS, and JavaScript. Integrated REST APIs for data handling and performed debugging, testing, and performance optimization to improve experience.

Tech Stack Used: HTML | CSS | JavaScript | Node.js | MySQL | Secure Development | Basic Penetration Testing | [Link](#)

Automatic Irrigation Device

July'2024

Built an IoT-based automation system to monitor sensor data and trigger rule-based control actions. Implemented modular control logic and performed system testing and debugging to ensure reliable device operation.

Tech Stack Used: Embedded C | Arduino | Sensor Integration | Data Processing | System Security Fundamentals

HomifyVisitors

April'2023

Developed backend modules and REST APIs for managing user data and search functionality. Optimized SQL queries and integrated frontend components to support efficient data retrieval and scalable web application workflows.

Tech Stack Used: Node.js | SQL | MySQL | REST APIs | Backend Development | Data Optimization | Bootstrap [Link](#)

Education

- Chandigarh University

B.E. CSE | CGPA: 7.42

August, 2022- May, 2026

Mohali, Punjab

- Kendriye Vidyalaya (NIOS)

Intermediate: 75%

April,2021- March,2022

Gorakhpur, UP

- Little Flower School (ICSE)

Matriculation: 85%

April,2019- March,2020

Gorakhpur, UP

Certifications

- SAP ABAP Programming Language: [Certificate](#)
- Introduction to Database by Meta on Coursera: [Certificate](#)
- Introduction to RDMS by IBM on Coursera: [Certificate](#)
- Cloud Computing by NPTEL from IIT Kharagpur: [Certificate](#)
- Database and SQL from Data Science with Python by IBM: [Certificate](#)
- React Native by Meta on Coursera: [Certificate](#)
- Deloitte Data Analytics Job Simulation: [Certificate](#)
- Deloitte Cybersecurity Job Simulation: [Certificate](#)

Achievements

- Runner up of CSI Hackathon 2025
- AIR: 77 in Alex Code Conquest 2.0 (2022)
- Won 2nd Prize in Game of Code Hackathon
- Solved 200+ problems on LeetCode / HackerRank
